MEMORANDUM FOR: DISTRIBUTION

SUBJECT: Withdrawal of Approved MILSTRIP Change 21,  
Requisitioning from Reclamation

This announces the formal withdrawal of Approved MILSTRIP Change (AMCL) 21 which was suspended by the attached memorandum dated April 17, 1991. This change was approved and staffed as a Request for Implementation Date (RFID). It was during the RFID stage the change became suspended.

Support for this withdrawal action was prompted by the Supply Process Review Committee representatives who stated this change was no longer applicable and based on the fact that the DoDIG agreed with the Army's conclusion that the Army did not need to automate its reclamation program.

Addressees may direct their questions to DLMSO points of contact, Ms. Vermella Saváge, DoD MILSTRIP System Administrator, 703-275-5272, DSN 235-5272, or e-mail: [vermella\\_savage@hq.dla.mil](mailto:vermella_savage@hq.dla.mil) or Ms. Ellen Hilert, Co-Chair Supply Process Review Committee, 703-275-5271, DSN 235-5271, or e-mail: [ellen\\_hilert@hq.dla.mil](mailto:ellen_hilert@hq.dla.mil). All others must contact their Component MILSTRIP or Supply PRC representative.

MEMORANDUM FOR "SEE DISTRIBUTION"

SUBJECT: Requisitioning from Reclamation

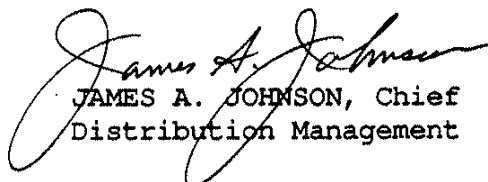

- References: (a) DLSSD-BM letter, May 5, 1989, subject: Request for Implementation Date (RFID) on Approved MILSTRIP Change Letter (AMCL) 21, Requisitioning from Reclamation (Staffed by PMCL 470B)
- (b) DoDIG Draft Report on the Survey of the DoD Reclamation Program (Project No. OLE-5010), October 3, 1990

Reference (a) requested addressees to provide implementation dates for AMCL 21. Reference (b) provided the results of a survey of the DoD reclamation program in which the DoDIG agreed with the Army's conclusion that the Army did not need to automate its reclamation program.

The review of the responses to reference (a), the conclusions of reference (b), and informal conversations between personnel of DASD(L)SD, DLA, Air Force, and this office, has resulted in the determination that further processing of AMCL 21 should be suspended. The issue of developing procedures for an automated reclamation program will be referred to the DoD Executive Agent for the Asset Management portions of the Logistics Interim Standard Systems (Defense Management Review (DMR) Corporate Information Management (CIM) initiative).

Pending the completion of the Asset Management portions of the Logistics Interim Standard Systems, AMCL 21 is suspended.

The action officer for this subject is Phil Smith, (703)  
274-6062, DSN 284-6062.
